

Hospital Overview

Bangkok Hospital Phuket has been established since 1995. We belong to Bangkok Dusit Medical Services (BDMS), which is the largest healthcare provider network in South-East Asia region. We are at the forefront of healthcare advancement in a comprehensive range of medical treatments and medical technology with unique Thai hospitality. Bangkok Hospital Phuket has achieved International Standard Organization (ISO) and Hospital Quality Improvement Accreditation (HA) which can guarantee the quality and best medical services. In 2009, we are the first and only hospital in Southern Thailand to achieve the quality assurance of Joint Commission International (JCI), accreditation standard of USA, and were granted the re-accreditation in year 2012. With strong cooperation with leading hotels, resorts and spas on the island, we have initiated the Outreach Clinics which has now grown to 13 clinics across Phuket. This can ensure that you will experience excellence healthcare service from Bangkok Hospital Phuket.
